**PARENT SIGNATURE (S) FOR EDUCATIONAL RESEARCH
AND STUDENT ENROLLMENT**

In submitting this application for my child's admission to Edward Hynes Charter School, a partner with the University of New Orleans, I recognize and acknowledge the functions of the school: high-quality, public education for children, teacher preparation, educational research, and professional development.

Educational Research - In addition to providing a high quality, gifted Pre-K and K-8th grade education for a diverse population of students, Hynes Charter School serves as a center for educational innovation and research. Hynes Charter School faculty, as well as University of New Orleans faculty and graduate students, frequently conduct studies of the effectiveness of instructional strategies and innovative teaching techniques. Therefore, students' educational records, academic work, and responses to instructional strategies are subject to videotaping, inquiry, and research, and findings may be published. In every inquiry, the information will be available only to the investigators and authorized administrators (unless release is compelled by legal proceedings), and will be reported in such a way that subjects cannot be identified, either directly or indirectly. Permission for your child to take part in educational research activities excludes the *Other Research* described in the next paragraph.

Other Research – Hynes Charter School will occasionally participate in other research activities, such as studies of children's physical, social, or emotional development. For studies of this sort, the researcher is required to obtain the written informed consent of at least one parent, as well as the informed assent of the minor child. For this type of study, the parent(s) will receive a written explanation of the purpose of the study, as well as a detailed explanation of the procedures to be used, and will be asked for written permission for their child(ren) to participate. Parent and child are entirely free to decide whether or not to participate in such studies, and no penalty is incurred if either chooses not to participate.

PARENT/GUARDIAN ACKNOWLEDGEMENT: I agree to review the school's Student Code of Conduct with my child and to support my child's compliance with all aspects of the Code. Edward Hynes Charter School students are required to adhere to a specific uniform dress code.

My signature indicates that all of the information provided in this application is true to the best of my knowledge.
